AEROMEXICO'S SUPER PLAN 2009

Aeromexico's Super Plan is a program created with the needs for our foreign clients in mind to visit any point within the Mexican Republic from Europe, Asia, United States, Canadá, Centro America and South America with very affordable prices. The only condition is to have a valid Aeromexico international ticket.

This Plan can be sold by any service agent at any Aeromexico or Aeromexico Connect Ticket Office in Mexico or abroad, the call center, travel agencies and the GSA's worldwide.

Aeromexico/ Aeromexico Connect Offices, Travel Agencies and GSA's

The passenger should go directly to the Aeromexico or Aeromexico Connect Ticket Office or Travel Agency for the purchase of his Super Plan Ticket by showing his valid international ticket issued at the foreign city of origin, and it is important that the agent verifies a valid reservation in the Azteca system.

Once conditions are met, the service agent will proceed to make the reservation to the Aeromexico or Aeromexico Connect destination chosen within the Mexican Republic, the ticket will be issued on the requested route with reference noted of the valid international ticket.

Call Center

The passenger should call the Aeromexico Call Center directly to request the Super Plan reservation and should inform of holding a valid international ticket issued abroad. It is important that the call center agent verify that the reservation is valid in the Azteca system.

Once the conditions have been met, the service agent will proceed to make the reservation in the corresponding class of service and should include a remark with the ticket number of the valid international ticket. The passengers may go to any ticket office with his valid international ticket to purchase his Super Plan.

In case the passenger does not have an international ticket issued abroad, the application guidelines will be informed without making a reservation.

Eligibility

This program is geared for any passenger that is returning to an Aeromexico or Aeromexico Connect destination in the Mexican Republic from an international service being from Europe, Asia, United States and South America while the international ticket is valid.

Application

The Super Plan applies to any passenger that holds a valid international ticket. All travel should be made on Aeromexico's or Aeromexico Connect flights (does not apply to code share). Applies all days of the week.

Reservation and Ticketing

The reservation and ticketing can be made at any time before the passenger's departure or in Mexico before the expiration of the international ticket.

For the ticket issuance it is necessary that the agent includes in the reservation and in the ticket the IT number **ITMX9A93C** that authorizes the pricing of this program and that will be used for control in our revenue department.
